

EHPS WEEKLY BULLETIN

ISSUE No: 04 FRIDAY 29 SEPTEMBER 2017

Dear Parents,

I have become increasingly concerned about the number of children who are refusing to eat even half of their school meal, saying they don't like the food given, even before they try it. Even when lunchtime staff try to encourage them to eat a bit more they are refusing, but eat their pudding happily.

Lunchboxes are another concern. Some lunchboxes have a good selection of food— some protein (eg ham, chicken, tuna, cheese, egg), some fruit or vegetables (carrot sticks, cucumber slices, grapes, orange or apple wedges, kiwi fruit, etc). Some children bring in leftovers from last night's dinner and that's fine too (I've seen pasta, curry, pizza etc).

Please do think about the importance of a balanced diet for your children during the school day to enable them to concentrate on their learning and their behaviour. Thank you to those parents who are avoiding too much processed food for their child and already providing their child with good food to eat at lunchtime.

Next Thursday we have a special menu and we would like as many children as possible to order a school lunch on this day - this affects the amount of money we get in our budget for this academic year!

Best wishes

Mrs Megan Robinson
Headteacher

Report from Mr Mannion

Both our football teams made an impressive start to the new season in the recently held Salesian Five a side tournament.

Having made it confidently through the group stages, our two teams were drawn together in the quarter final with the 'A' team victorious by one goal to nil.

The result was harsh on the B team, but for the heroics of Oscar M in goal the result could have been much different.

We then won the semi-final to register our fourth consecutive Cup Final appearance at this event, but in the final itself we were well beaten by South Farnham.

Great credit goes to both our teams. Well done to Oscar M, Connor R, Harrison M, Noah Mc, Isaac T, Callum C, Edward S, Hayden S, Alex F, Lewis B, Freddie FW, George R, Richard D.
