

MATHS

- Measures;
- Number work - patterns and sequences;
- Statistics;
- Geometry - symmetry & translations;
- Solving problems.

COMPUTING

We will be building on last term's computer programming to write sequences of instructions to control our DT models.

SCIENCE / DT
Mechanical Systems

The children will be designing and making fairground rides using electrical systems and pulleys.

FRENCH
French cafés.

ART

This half term the children will be studying the work of an artist called Michael Craig-Martin. We will also be using a variety of media to create artwork to support our Ancient Egypt topic work.

MUSIC

The children will continue to learn the recorder. They will increase their knowledge of rhythms, including minims and dotted minims and will learn traditional melodies.

YEAR 5 - Summer 2

PE / GAMES

- Swimming (last session on 29th June)
- Cricket.

Please can children make sure that they have their P.E. kits in school every day and remember their swimming kit on Fridays!

PSHCE/RE

During PSHCE sessions, the children will be thinking about 'Our World' and our responsibilities in the local and worldwide community.

ENGLISH

Adventure Stories

We will be writing adventure stories, combining everything we have learnt about descriptive writing and narrative techniques.

Spellings

- Suffixes (tion, cian, sion, ily and ure)
- Homophones
- Year 5/6 word list.

Guided Reading

We will continue looking at our whole class texts and refining children's ability to refer to the text to support their answers.

The children will have an opportunity to take part in the Bikeability course on the week beginning 9th July.

TOPIC
Ancient Egypt

We will be looking at Gods and Goddesses and how the Egyptians prepared their dead. We will also be making our own papyrus and scribing a message in hieroglyphics. By the end of the topic, the children will be aware of the achievements of the Egyptians as an early civilisation.
