

EHPS WEEKLY BULLETIN

ISSUE NO: 09 FRIDAY 22 JUNE 2018

Dear Parents,

This week has been busy with various trips and visits for some classes, four teams competing in the Hampshire Games yesterday and last night's Summer Music Concert.

Once again our four sporting teams competed with determination and passion, and their behaviour was impeccable throughout the day—all staff involved have reported to me that the children were a pleasure to be with and were excellent representatives from EHPS.

Last night's Music Concert was a treat—it was a privilege to be able to sit and listen to the amazing singing from the school choir and the chamber choir, as well as some of the individual children playing a variety of instruments—drums, keyboard, violins and guitar—as well as a couple of solo singers. As I said last night—these children are excellent examples of applying growth mindset—they can't solely rely on talent, but have to put effort and practice in to become the best they can be.

Thank you to the staff involved with putting it all together and helping the children to rehearse regularly to reach the high standards achieved last night. The incredible team—Mrs Sargent, Mrs Hardy, Mrs Hoad and Mrs Slatter—worked so well together. Mrs Hoad has done an amazing job covering Mrs White's Maternity Leave and we are so grateful for all of her hard work, with teaching the Music lessons for KS2 children and helping with the choir too.

Mrs Megan Robinson
Headteacher

The September club letter will be going home today.
External flyers are available from reception.

MEET THE GOVERNORS.....Mr Andy Kiln

How long have you been a governor and what type of governor are you?

I am the newest governor on the team; I joined 3 months ago as a parent governor.

Why did you decide to be a governor?

To "put something back" and to help in some small way to shape the "direction of travel" of EHPS over the coming years. Helping to prepare our children for an ever changing world is something I feel strongly about and I feel very privileged to have been voted in to represent the voice of other parents.

I attended the 'The Rise of the Robot: Keeping our Curriculum Relevant' event at Frensham Heights organised by Mrs Robinson and it was at this event that I decided I wanted to be actively involved in the running of the school - thanks to everyone who voted for me!

What do you like most about being a governor?

It's very early days, but seeing the outstanding way EHPS operates is a real privilege.

What do you find most frustrating or difficult about your role?

Nothing as yet; I'm only due to attend my third meeting next week.

What type of work do you do in addition to being a governor?

I work for a Global Technology company that leads our clients through accelerating change; I am an Account General Manager looking after a client relationship within the UK Public Sector.

If you had the power to change anything in education right now what would you change?

More freedom and time from National Tests so the Teachers and the Pupils have more time to explore new things.

What do you like to do in your spare time?

Spending time with my family and doing the usual fun family things - playing games, water sports at Horseshoe Lake, running, cooking.

What has been your favourite place to visit on holiday?

I'm lucky to have travelled to many wonderful places across the world, but as a family we love heading to the Dorset coast so that's probably our favourite family spot alongside trips to the Cotswolds.

What is your favourite food?

I have very recently been diagnosed as Coeliac so this is a changing answer for me at the moment; I do love a good BBQ.

Have you read any good books lately?

I've recently been reading the Phoenix Project by Gene Kim; it's very relevant to my work as it's a story about IT, Agile working and DevOps. The world is undergoing a Digital Revolution and this is a great overview of what this means for lots of companies in lots of different industries.
